HAD "THE GOODS"****G. O. P. Assistant Treasurer Admits That Quotas Were Fixed For Fifty-four Cities**

(By Associated Press)
Chicago, Sept. 9.—Governor Cox's charges that the republicans had fixed quotas and planned intensive fund-raising drives in at least 51 cities and that the national committee had a part in assessing the city quotas, was admitted on the stand today before the senate investigating committee by Harry M. Blair, Republican National Treasurer Upham's assistant.

Senator Reed brought out that the treasurer's office planned to organize intensive drives in 54 cities, three more than Cox mentioned in his Pittsburgh speech.

Blair produced a copy of the famous "form 101," which Cox said suggested contributions of \$5,000 and upward be accepted. An entire paragraph in Blair's copy differed from the copy of the form which Cox had sent to the committee. A paragraph in Blair's form suggested that contributions of \$5,000 and \$10,000 would be accepted, removing the \$1,000 limit fixed by Chairman Hayes.

**COX SHOWS WEST
HOW LEAGUE HELPS**

(By Associated Press)
Helena, Mont., Sept. 9.—Arguments in behalf of the League of Nations, adapted to the affairs of the west, were presented here today by Gov. Cox. He outlined what he declared were practical and material benefits to flow from the league.

"There have recently been figures made," said Gov. Cox, "that the cost of one battleship would reclaim 2,000,000 acres of land." Urging the league, Cox said the United States is looked upon as a nation of quitters, self-prosperous and self-satisfied, while our associates as well as our enemies in Europe are starving to death.

He also urged against a separate peace with Germany and urged world disarmament. He again criticized "the senate oligarchy," and reiterated his preaching of progress as against reactionism.

**HARDING SPEAKS AT
MINNESOTA FAIR**

(By Associated Press)
State Fair Grounds, Hamline, Minn., Sept. 9.—Making his first important campaign speech away from home, Warren G. Harding outlined his agricultural policy to an applauding crowd here yesterday, and later was acclaimed vociferously by other thousands in parades and receptions in Minneapolis and St. Paul.

Stating in carefully measured words his agricultural program, the candidate declared that, among other things, the nation should encourage co-operative marketing, scientifically study price stabilization, so administer the farm loan act as to reduce tenancy, avoid unnecessary price fixing, give farmers greater representation in government, restore railway transportation to its greatest efficiency and revise the tariff to protect against unfair competition.

The appeal for Americanism, which brought the loudest applause, was made after the nominee had laid his manuscript aside, and was driven home by vigorous gestures.

Harding Likes It

(By Associated Press)
On Board Harding's Special Train, Sept. 9.—On the way home from his first campaign trip, Senator Harding today declared himself highly pleased with his reception by the Minnesota people who cheered his speech at the state fair yesterday in tumultuous fashion when he rode through the streets of Minneapolis and St. Paul.

Harding said it was not a personal tribute, but a testimony that Minnesota is completely "in sympathy with the people of the country in the determination of put America once more on the main highway of national progress and then go ahead safely on the right lines." Harding reception "enlivened speculation on the possibility of more extensive departures from his front porch.

Fine Mercer Farm
The W. C. Bailey farm, located in Mercer county, five miles from Harrodsburg, was sold at auction by Col. G. B. Swinebroad to Hampton Brothers, prominent citizens of Mercer county. The farm brought \$250 an acre and was considered one of the best sales held in that section in years. A large crowd was in attendance and the bidding was lively from the start. Mr. Hampton remarked after the auction: "This is the fairest sale I ever attended." This same compliment is being paid Mr. Swinebroad and his assistants throughout Central Kentucky where he has put over "five figure" sales.—Danville Messenger.

Why Sugar's High

(By Associated Press)
San Juan, P. R., Sept. 9.—Dividends declared by the South Porto Rico Sugar Company, and the Fajardo Sugar Company, which it was announced recently in New York, would reach 100 per cent, are not the only large sugar dividends that are being declared this year.

The Santa Isabel Sugar Company has declared a cash dividend of 100 per cent, which is probably the highest dividend that will be paid by any sugar company in Porto Rico this year. Other sugar properties may yield a return equal to or in excess of the Santa Isabel dividend but so far they have not been reported as having been declared in the form of dividends.

**FRENCH BLUE BEARD
KEEPS UP HIS NERVE**

(By Associated Press)

Paris, Sept. 9.—Henri Landru, whom the police call the Gambais Blue Beard and hold responsible for the disappearance of eleven women to whom he had promised marriage, shows no signs of weakening under the continuing and grueling 18 months' examination and preliminary investigation which Judge Bonin has conducted.

"You seem wan and tired today," he said to Judge Bonin solicitously when he last appeared before the Judge.

"Don't you think you will be able to take a vacation this year?" It was as fine a bit of irony as ever delivered by Landru as last summer Judge Bonin after six months' examination of the alleged blue beard, gave up in despair and went to the country for four weeks.

In the lobbies of the courthouse the other day Landru accompanied by his lawyers, met Madame Bessarabo who is being examined by Judge Bonin, concerning the disappearance of her husband and the subsequent finding of his body in a trunk at the Nancy railroad station. The lawyers introduced them. Saluting with a flourish of his weather beaten hat and bending low, Landru simply said: "My homages, Madame."

**BANKERS OPPOSE
SOLDIER BONUS**

**And Discuss Move To Raise
Legal of Interest From 6 To
8 Per Cent**

Louisville, Sept. 9.—Opposition to the soldiers bonus bill, expressed by President John H. Welch, of Nicholasville, at the opening session of the 28th annual meeting of the Kentucky Bankers' Association, was cheered to the echo by the delegates who crowded the hall.

Mr. Welch said that he would not pluck a single laurel from the brows of the brave men who helped to win the war, but that he thought ample provision had been made for all those who suffered by reason of their service. He said he had yet to hear of a successful man who enlisted voluntarily for the service demanding a bonus. He called attention to the hundreds of physicians who gave up lucrative practice to serve through patriotic motives, of the many captains of industry who shifted the burdens of their own business upon the shoulders of others, and gave their entire time and ability to the government for \$1 a year. He also referred to the hundreds of brave women who left luxurious homes to serve in the hospitals, as ambulance drivers, and in various other phases of war work.

He also voiced opposition to the proposal made by some interests to cancel the war debts of other nations to the United States. This sentiment was also greeted by cheers. The speaker said that practically every nation in Europe is recovering rapidly and will be able to liquidate its obligations especially with the advance of credit and capital from this country.

Mr. Welch blamed the high prices prevailing generally largely on the excess profits tax, and said he was glad to call attention to the fact that both of the great political parties are pledged to repeal this tax. He said that under present taxation the national debt could be liquidated in twelve years, but that it would mean a strain on the people they could scarcely bear. He advocated an extension of the liquidation of these obligations over a period of 50 or more years. He said that taxes paid into the federal treasury last year were the greatest in the history of the country and that Kentucky alone paid in excess and income tax \$47,000,000. Approximately \$420 per capita. The taxation for state purposes is \$4 per capita.

Discussion of an increase in the legal rate of interest from 6 to 8 per cent was the principal feature of the closing session. It is proposed to seek a change in the state law governing interest rates.

In the report of the resolutions committee attention is directed to the tendency to increase interest rates. With respect to this report says:

"That we deplore the tendency to increase the interest paid upon deposits beyond a reasonable amount, because the inevitable result of such action, added to the overhead expense of operation, will render banking either unprofitable to the stockholders, or force a burdensome rate of interest upon the borrowing public."

**RICHMOND IN
PIGEON DERBY**

**Two Birds To Be Released Here
In Big Race To St. Louis By
Local Rexall Druggists**

Richmond will have two entries in the Pigeon Derby which will be "flown" September 25. The Derby is under the auspices of the Rexall drug stores' organization and H. L. Perry & Sons, local druggists, will soon receive two of the famous homing pigeons to release here in the match race. They will release the two birds from in front of their store on Main street promptly at the appointed time. The birds released here will be marked as having started at Richmond, Kentucky, and much interest will be felt in the order in which they finish. The New York Sun tells details of the big Pigeon Derby as follows:

Pigeon fanciers, sportsmen's organizations and the pigeon section of the United States Signal Corps are taking a keen interest in the big carrier pigeon derby to be run September 25 to St. Louis.

While the little carrier pigeon carried on during the war, serving the army in a valuable way and winning distinction, his splendid services are comparatively little known.

But the big race will give the greatest boost to pigeon flying that it has yet received, even in Belgium, greatest pigeon racing country in the world.

Five thousand birds in pairs will be released from 2,500 cities and towns within a 500 mile radius of St. Louis. They will bring messages to Governor Frederick Gardner, of Missouri, from the mayors of other city and state officials from those towns, which cover twenty-four states.

In the Rexall pigeon loft, largest in the world, built for this event, are installed the army of pigeons that will make this spectacular race. It is expected they will record a mile a minute. The derby is to be a feature of the convention of 8,000 Rexall druggists.

For months expert pigeon fanciers in charge of the loft have been occupied with their training, increasing their flying distance almost daily.

The birds range in age from nine months to a year. At three weeks the young pigeons are taken from the nest. By this time they have begun to flutter about and tumble and fly from the nest about the loft. Then they are transferred to the loft upstairs, banded and braceleted, and there begins their life as flyers. Step by step they are instructed in the work ahead.

The big loft and aviary are equipped with everything for comfort and health that the best born pigeon could wish. In the big wire covered aviary the birds may strut about and sun themselves, bathe in cool, clear running water, feed and dust themselves.

Hundreds of people about St. Louis have asked permission to witness the race, that is, to witness the "trapping in" of the birds as they return to the big loft.

Officers of the Pigeon Section of the United States Signal Corps will officially observe the race. They will also exhibit some of the hero birds which distinguished themselves in the war.

Gov. Gardner and Frank P. Lucke, president of the International Federation of American Homing Pigeon Fanciers, will serve as judges in awarding the prizes which will range from \$100 to \$1,000.

There was nothing by which it could be identified, but it evidently had been buried very recently.

That's only natural; clothes are a necessity; every man wears 'em, and he don't want to pay any more than he has to pay for them. There's one thing we can control; one thing the makers can control, and that is the price we and they get-for the goods.

The defense scored the second victory of the day when Judge Cisco refused to permit Granville Little, judge of the election in another precinct in Breathitt county to testify whether, in recording the result of the primary in that precinct, he wrote the figures 60 or 66.

The contention of the plaintiff was that the figures were 60. Judge Cisco held that the best evidence was the return itself, and after scanning it carefully, decided that the last figure looked more like a six than a naught, although admitting it differed in formation from the first six.

The ruling gave Mr. Hurst, contestant, six more votes than he would have had had Mr. Little, who wrote the figures, have been permitted to testify that the one in question was a naught.

Exceptions were taken to these two rulings, which netted the defendant approximately 56 votes. Although the hearing began last Monday, Wednesday was the first day witnesses were heard. Preceding days were devoted to arguments on points of law and methods of procedure.

The invincible spirit of the mountain man is seen in the finish fight, and there seems to be a solid determination on the part of the rival relatives to triumph over the other no matter what the cost. Whether Mr. Hurst or Mr. Kash wins, the fight, all interested agree, will be carried to the Court of Appeals. It is estimated

IT'S UP TO THE PEOPLE of This Section to Reduce their Coal Bills This Winter

With coal retailing at \$15 a ton and no prospects of it getting cheaper, it remains for us to burn just as little coal as possible this winter. When we tell you it is possible to cut your coal bill 50 per cent it's worth your consideration. That's just what we can do. Just listen to this—

We are the distributors for the famous WILLIAMSON FURNACES in this county. The WILLIAMSON is known everywhere for its saving of fuel. Just think what it means when we tell you that the WILLIAMSON will furnish the heat for the entire house. Only one fire to keep burning and all the grates over the house closed. It's as plain as the nose on your face. You're bound to reduce your coal bill. At least it's worth while talking the matter over. Let us have a few minutes interview with you. Now is an opportune time to have one installed in your home.

We Can Also Furnish Your Home

with a Majestic Range, a Favorite Range, Chambers Fireless Gas Range, New Process Oil Stove, or a Charter Oak, Buck's or Cole's Heaters. There are no better stoves on the market. We have a wonderful display of these stoves. Come in tomorrow and let us show you our line.

KASH CHARGES WHOLESALE FRAUD

In Presenting His Evidence in
Circuit Judge Nomination
Contest At Beattyville

Beattyville, Ky., Sept. 9.—Returns were doctored, democrats participated in the republican primary and a brother of one of the candidates failed to deliver ballot supplies to one precinct, according to the evidence introduced by W. L. Kash, Jackson, in his suit contesting the nomination of his cousin, Samuel Hurst, Beattyville.

Madison County Circuit Court clerk, the first witness whose testimony was read out by Judge Cisco as irrelevant but placed in the record through avowal, testified that he had given ballots and other election paraphernalia intended for Frozen precinct, to Zack Hurst, brother of the other contestant, for delivery to the top officers.

Although Hurst swore he would not testify to the proper authorities, Mr. Bach testified he did not do so, resulting in no election in Frozen precinct.

Mr. Bach also testified that a

number of democrats of Breathitt county participated in the republican primary. The plaintiff hopes to prove later that these alleged democrats voted for Mr. Hurst. If he succeeds, the vote received by the Beattyville man will be reduced materially.

Returns made on the primary election in Spring Fork precinct Breathitt county, showed evidence of having been doctored, Mr. Bach swore. In this precinct, the plaintiff alleges, only 60 votes were cast, 57 of them being for Mr. Hurst. The original figures were erased, however, it is charged, and others substituted, making it appear that Mr. Hurst received 77 votes to three for Mr. Kash.

According to the plaintiff, the changes were made between closing of the polls Saturday and midnight the following Monday when the Spring Fork precinct ballot box was delivered to the county clerk of Breathitt.

J. I. Hall, a Kash supporter, testified that shortly after the delivery of the ballot box, he saw Sam Hurst and Floyd Duff in the vicinity of the court house. Mr. Duff, he said, had a revolver in his hand and Zack Hurst had saddle bags bearing the initials "B. F. S." These, he said, were the initials of B. F. Somme, one of the officers of the election entrusted with the delivery of the ballot box to the clerk.

M. S. Crane, merchant of Jackson, designated as democrats 15 or more persons who voted in the republican primary. The plaintiff, it is understood, will attempt to prove that these voted for Mr. Hurst.

First blood was drawn by the defense when Judge Cisco declined to entertain testimony purporting to show why no primary was held in Frozen precinct, Breathitt county. The judge sustained the point made by the defense that in a primary contest it is not competent to introduce witnesses to show how a precinct would have gone had an election been held.

The plaintiff contended that had an election been held in Frozen precinct Mr. Kash, contestant,

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was too great, and he had tried other remedies, Dr. — had us get Cardui. I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health... can do my work. I feel I owe it to Cardui, for I was in dreadful condition. If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial."

TOM WATSON WINS GEORGIA SENATORSHIP

(By Associated Press) Atlanta, Ga., Sept. 9.—Incomplete unofficial Atlanta Journal returns today on the Senatorial race in yesterday's Democratic primary indicated that Thomas E. Watson had won the Senatorial nomination with 197 county unit votes, two more than the necessary majority. Governor Dorsey had 67, Hoke Smith 41, John R. Cooper had no votes. In the gubernatorial race former United States Senator Hardwick was leading Clifford Walker by 34 votes.

ANOTHER SEVERE QUAKE IN ITALY

(By Associated Press) Rome, Sept. 9.—Bulletin.—Another violent earthquake occurred in the Emilia district early today, causing loss of life and much damage. The communities suffering most were Reggio, Spedaletti, Bussana, Tosano and Caola. Today's shocks were more violent than that of Tuesday.

NO FLU SIGNS YET

YOUNG TEDDY'S CLOSE CALL

Joplin, Mo., Sept. 9.—Lieutenant Colonel Roosevelt narrowly escaped death here yesterday while preparing for an airplane flight to Vinita, Okla., to fill speaking dates. The plane ran away with Colonel Roosevelt before the pilot boarded it. Colonel Roosevelt managed to jump from the fuselage and land free of the rudders. He was entering the front seat of the plane, in which Bert Chandler, candidate for congress from the First Oklahoma district, was sitting, while Paul Meng, the pilot, gave the propeller blade a twist. The throttle was too high and the big plane tore wildly down the field.

The plane struck a high place in the ground and upended, burying its nose in the ground. Chandler was shaken up severely and bruised.

A new desk and two new floor chairs, just installed in the lodge room of Richmond lodge E. & A. M., completes the equipment and furnishing of as handsome and complete a Masonic lodge room as perhaps can be found in the state anywhere. The members of the local lodge of this great order have spared no time or expense to provide the craft with a beautiful and commodious home, in which all may take just pride, and they do, as is evidenced by the strength and virility of the membership.

District Game Warden Sam J. Embry spent several days in Madison and Clark counties early in the week, looking for law violators. There isn't a keener official in the state than Mr. Embry, and those who take a chance by hunting without license or violating any of the provisions of the state's game laws had better watch out or Warden Embry will get them sure and certain.

Cashier John W. Crooke, of the Citizens National Bank, handed the Daily Register a clipping from a paper published in 1896 which carried a part of the speech of acceptance of Bob Taylor of the gubernatorial nomination in Tennessee. Mr. Crooke pointed out the fact that conditions as outlined then by Gov. Taylor were exactly the reverse of what they are today. Then a dollar had greatly magnified purchasing power while today the reverse is true. The part of Gov. Taylor's address to which reference is interesting now, was as follows:

"A spirit of discord and dissension is among the people, there is chaos and confusion everywhere and we are in the midst of a great political disquiet. The purchasing power of money has increased and the price of produce decreased. God blesses us with fruitful fields, but we have

Rain, rain, rain, and work on the streets just cannot go on while they are deep in mud. Never had there been such a rainy summer and the beginning of fall gives promise of little relief. WALNUT MEADOW Farm

a Good Blue Grass Farm at Public Auction

Wednesday, September 22d

At 10 O'clock

On the above date we will offer for sale to the highest bidder, this excellent stock farm belonging to Allen Brothers, situated on the Walnut Meadow Creek, a branch of Paint Lick creek. These two creeks are noted for the fertility of the soil in bottom lands, only 1-2 mile from good pike. The Berea and Paint Lick turnpike, about 4 miles from Berea and about 4 1-2 miles from Paint Lick, Ky., in good neighborhood among good people who know how to be neighborly, good schools and churches near at hand.

A new road just completed running from the pike to the farm easily traversed by automobiles.

This Farm Contains About 200 Acres

40 acres of as fine bottom land as a bird ever flew over, the remaining 160 acres of gently rolling land susceptible to profitable cultivation and now in blue grass and clover. There is never any scarcity of stock water on this farm, good springs, wells and the creek furnishing ample supply.

In conducting a sale we subdivide the land to suit the purchaser, and it is our desire to know prospective buyers. We will be on the land surveying Friday and Saturday the 10 and 11th, and will be glad to have parties interested to meet us on the farm at this time. We will subdivide this farm into tracts ranging from 40 acres to 100 acres.

The improvements consist of good 5 room residence, good 3 room tenant house, a good tobacco barn to house 10 acres of tobacco. New wire stock fence will be found over most of the farm.

Personal Property Sale

At the same time and place we will sell the personal property of Allen Brothers, consisting of 8 good sheep, two work horses, ages 8 and 9, 1 good mare, 4 years old, 6 good milch cows, 1 Holstein bull (a good individual subject to registration), 1 Duroc boar, subject to registration, 1 Milwaukee binder, 1 Peoria Jr. combined wheat drill, 1 two-horse corn drill, 1 Black Hawk manure spreader, 1 tobacco setter, 1 mowing machine, 1 Osborne hay rake, 2 disc harrows, 3 turning plows, 3 double foot plows, 1 riding cultivator, 1 walking cultivator and 1 roller, and other articles not mentioned.

AND OH, BOY, JUST TO PUT JOY IN LIFE

Dinner will be served on the grounds, with only a reasonable charge to cover the necessary cost to produce.

To the man with small capital this sale is going to offer an excellent opportunity. Good and, in small tracts, good improvements, good and easy terms to be announced at sale.
